

CENTROID™

TT-1 Tool Touch-Off Block

Measure Tools Automatically!

*AUTO
MEASURE!*

Centroid's TT-1:

- Measures tool height offsets in seconds
- Drastically reduces tool setup time
- Accurately sets tool heights to ± 0.0001 "
- Reduces human error
- Is more accurate than manually measuring tools

*AUTO
SET!*

What You Get with a TT-1:

- Tough PVC construction
- Solid carbide tip for long service life and accuracy
- Sealed unit with magnetic base for easy mounting
- Shielded quick-connect cable
- Plastic storage case
- Tool Touch-Off software
